This House Would not force students to learn a foreign language

OG - Opening Government (For the motion)

Definitions

- foreign language - a language other than the one spoken in the school
- Students - secondary school

Points

- Critical thinking skills can be developed in different ways
    - E.g. maths, history, english
        - More important → this is the society you are living in you need to know how to think in this language
- The time can be used to develop stronger skills in a native language
    - More important as you live surrounded by your language
    - Have to start from scratch, going back to basics - this takes time, and for many people you don't reach proficiency
- Helps you to reduce educational expenses
- Students feel forced
    - Therefore they don't put effort in
    - And don't use language after school
    - Ruins reputation of language
        - Hard for people who want to do it to learn in an environment where not everyone is keen

OO - Opening Opposition (Against the motion)

Points

- Helps us develop critical thinking skills
- Beneficial life skill
    - foreign languages help pupils in the long term, assisting in things such as future careers, it looks good to future employers
    - Useful if you want to have a life outside your country
- Helps develop resilience
- Improves cultural awareness
