

Power of Interest

Photography and filming consent form

Version: 0.2

Approved by: Alison Zhao

Approval date: 29th of July, 2026

Review date: July 2028

In accordance with our safeguarding policy, Power of Interest (POI) will not permit photographs, video or other digital images of young people to be taken without consent. If the child is under 16, consent must be obtained from a parent or person with parental responsibility.

We will ask to renew consent on an annual basis, however you can withdraw or amend consent at any time by email through contact form at poi.org.uk

Power of Interest processes photographs and video recordings in accordance with the UK General Data Protection Regulation (UK GDPR), the Data Protection Act 2018 and our Privacy Policy.

You may withdraw or amend your consent at any time. This will not affect images already published or distributed before consent was withdrawn, although we will stop using images in future publications wherever reasonably practicable.

POI will take all steps to ensure these images are used solely for the purposes for which they are intended. For further details, see our safeguarding policy. If you become aware that these images are being used inappropriately, please inform us immediately.

Images may be used for:

- promoting Power of Interest
- celebrating achievements
- reporting activities
- fundraising
- educational purposes

Power of Interest will not:

- publish full names alongside images of children without additional consent
- disclose home addresses
- disclose schools unless appropriate
- use images that may place children at risk

During public events, photographs or video may be taken that include groups of participants.

Where practical, signs will be displayed to inform attendees that photography is taking place.

Anyone who does not wish to be photographed should inform the event organiser.

Parents and spectators may take photographs for personal use only.

Images must not be shared publicly if they include other children without appropriate permission.

Images will be stored securely, with access restricted to authorised personnel, and retained only for as long as necessary in accordance with our Data Protection and Records Retention Policies.
